

# 9<sup>th</sup> Edition of Nursing World Conference

Theme: Nursing Beyond  
Borders: Global Perspectives  
and Practices

27-29<sup>TH</sup>  
OCTOBER  
2025

## Our OCMs

ADELE WEBB  
Strategic Education, Inc.,  
United States

DARYLE WANE  
Nurse Consultant-Florida,  
United States

ROBIN ADAMS GEIGER  
Ingenovis Health, United States

ISMAT MIKKY  
Bloomfield College of  
Montclair State University,  
United States

DAVID WORTLEY  
International Society of  
Digital Medicine, United Kingdom

## Scientific TOPICS

- Nursing Research
- Nursing Informatics
- Oncology Nursing
- Clinical Nursing
- Pediatric Nursing
- Public Health Nursing
- Cardiac Nursing
- Geriatric Nursing
- Midwifery and Womens Health
- Nursing and Healthcare
- Occupational Health Nursing
- Psychiatric and Mental Health Nursing
- Gynecology and Obstetrics Nursing
- Community and Home Health Nursing
- Emergency and Ambulatory Care Nursing
- Evidence-Based Nursing
- Anesthesia and PeriAnesthesia Nursing

## Tentative Program

### Keynote Presentations

**Adele Webb, Strategic Education, Inc., United States**

Title: Overview of augmented intelligence for nursing

**Daryle Wane, Nurse Consultant-Florida, United States**

Title : Charting in the clinical setting: SOAP, COWs, AI & beyond

**Robin Adams Geiger, Ingenovis Health, United States**

Title: Equity in action: Amplifying your voice in nursing leadership

**Ismat Mikky, Bloomfield College of Montclair State University, United States**

Title: The relationship between empowerment and quality of health among clients with chronic health conditions

### Oral Presentations

**Kristie L. Richardson, Piedmont Healthcare, United States**

Title: Evaluating the effectiveness of wellness education in transition to practice programs for new graduate nurses

**Debra A Hrelac, University of North Carolina Wilmington, United States**

Title: From educators, for educators: A qualitative study exploring stress, change, and peer-to-peer advice in higher education

**Debra A Hrelac, University of North Carolina Wilmington, United States**

Title: Stress, change, and peer-to-peer advice: A qualitative exploration of nursing faculty experiences

**Barbara Suzy Diggle-Fox, The University of North Carolina in Wilmington, United States**

Title: Growing older and being prepared to enjoy your sexuality!

**Barbara Suzy Diggle-Fox, The University of North Carolina in Wilmington, United States**

Title: Who wants to live longer and healthier?

**John R. Balcuk, Northwell Health Huntington Hospital, United States**

Title: Healthcare system sponsored CNA training program increases opportunity and workforce

**Joi McMillon, J.A.D. Infection Control Experts, United States**

Title: The challenge of post-acute compliance with infection prevention and control

**Alexis Koenig, Herzing University - Menomonee Falls, United States**

Title: Correctional health care nursing is community health nursing

**Amanda F Freedman, WakeMed Health & Hospitals, United States**

**Joel Freedman, Retirement/Quality Control Analyst, United States**

Title: Navigating TBI together: A couple's story for healthcare professionals

**Amanda F Freedman, WakeMed Health & Hospitals, United States**

Title: Enhancing patient care: Collaborative efforts of the coding & clinical documentation integrity team and the clinical nurse specialist

**Maureen Kroning, SUNY Empire State University, United States**

Title: Pathway-Aligned degrees: A strategic solution to the global nursing shortage

**Christie Anne Weber, Kaleida Health, United States**

Title: Evaluating the effectiveness of learning formats with multi-generational ED RN workforce regarding HCV

**Robin Ann Foreman, East Tennessee State University, United States**

Title: Acedia: Anergia, apathy, asociality, and alexithymia in nurses

**Kerry Hennessy, Dana Farber Cancer Institute, United States**

Title: The importance of assessing the patient experience of hypersensitivity reaction

**Kathie Helms, Mayo Clinic, United States**

Title: Leveraging technology to transform care at Mayo clinic

**Cheristi Cogentta Rieke, Mayo Clinic, United States**

Title: Leveraging technology to transform care at Mayo clinic

**Lauren Boardman, University of North Florida, United States**

Title: Creating caring cultures: A blueprint for future nurse leaders

**Bethanie Simmons Becil, University of North Florida, United States**

Title: Holistic treatment considerations in management of depression and anxiety

**Shanta Paudel Subedi, Inova Health System, United States**

Title: Enhancing nurse productivity and patient safety through generative AI integration

**Michele A Gerdes, Rockhurst University, United States**

Title: The state of artificial intelligence use in nursing education and future exploration needs

**Marquette Flaughner, Southern New Hampshire University, United States**

**Laurie Laurino, Veteran's Hospital, United States**

Title: Clinical treatment updates for OSA: What really works

**Vickie Green**

**Lisa V Harrington**

**Rachel Winston**

**University of North Alabama, United States**

Title: Using an electronic book to increase DEI comprehension in nurse educators

**Brian Ace Mones, Houston Methodist Hospital, United States**

Title: Leading the shift: Staff empowerment in redefining post-thrombolytic care excellence

**Ella S Bermudez, VA Palo Alto Health Care System, United States**

Title: Prevention and management of medical adhesive-related skin injury: An EBP-QI project

**Cheryl Slaughter-Smith Monfee, Arkansas Tech University, United States**

Title: Exploring stress and coping strategies in BSN students: A secondary analysis of a pilot study

**Jacqueline Church, Cleveland Clinic, United States**

Title: Empowering and engaging unlicensed nursing personnel

**Debra Miller**

**Meredith Reape**

**Nemours Children's Health, United States**

Title: Pediatric evacuation drills: The process, the implementation and the learnings

**Cheryl Coale, University of Maryland Global Campus, United States**

Title: Emotional intelligence as a catalyst for transformational leadership in nurse managers: A rapid evidence assessment

**Kathleen Eid Heberle, Shenandoah University, United States**

Title: Integrating disaster education into the nursing curriculum

**Jolene Carlton, Nemours Children's Health, United States**

Title: Transformative effects of in situ simulation on nursing skill acquisition

**Joy K Lent, University of Rochester, United States**

Title: Fostering professional identity formation in first-semester graduate nursing education students

**Gary J Bolanos, Houston Methodist Hospital, United States**

Title: Optimizing IV access for CT: A quality improvement initiatives to reduce infiltration outpatient CT

**Janice K Williams, Bowie State University, United States**

Title: Empowering undergraduate nurses: Advancing competency through student-directed open simulation labs

**Nonye Tochi Aghanya, Communication Academy, United States**

Title: Communication in healthcare-why digital innovation is not enough

**Anna Nguyen, University of Oklahoma Health Sciences, United States**

Title: Evaluating the use of virtual reality multi-sensory experiences for children with developmental delay

**Liyong Asuka Qiao, University of Manitoba, Canada**

Title: Examining Chinese Canadian family carers' decision-making on long-term care: Application of andersen's behavioral model

**Julie Jackson, University of Bradford, United Kingdom**

Title: Student-led simulation based learning debrief: A phenomenological exploration of critical self-reflection and engagement with student nurses and faculty

**Nicola Hickson, The Royal Wolverhampton NHS Trust, United Kingdom**

Title: A qualitative Interpretive Phenomenological (IPA) study exploring the experiences of adults with chronic neuropathic pain having a capsaicin 8% patch as a treatment for managing their pain

**Katherine Carleton Eagleton, University of Canberra, Australia**

Title: I felt really unsupported": How the health care system can better engage with informal caregivers of people with heart failure

**Jos Boer, UMC Utrecht, Netherlands**

Title: Eye contact seen from autism. A descriptive qualitative multicenter study into visions and experiences with regard to eye contact, a comparison between adults with and without autism

**Eliane Cristina Sanches Maziero, Universidade Fededral do Paraná, Brazil**

Title: Study of workload, professional qualification in nursing and occurrence of health incidents

**Mohammed Ahmed Ismail Ali, Hamad Medical Corporation, Qatar**

Title: Leveraging nursing informatics to streamline IPOC workflows and improve clinical efficiency

**Amal Abdulaziz Alaskar, King Fahad Military Medical Complex, Saudi Arabia**

Title: Interdisciplinary collaboration between nurses and physical therapists in total knee replacement care: Improving functional outcomes

**Sofica C Bistriceanu, Academic Medical Unit - CMI, Romania**

Title: Honest, respectful, and friendly relationships promote personal growth and development

**Etti Rosenberg, Alexandru Ioan Cuza University, Romania**

Title: Virtual community, real impact: The role of a social media platform in shaping nurses' professional identities and practice

**Lihua Ren, Peking University, China**

Title: Comparative effectiveness of multi-sensory interventions for reducing pain among premature infants: A systematic review and network meta-analysis

**Liangmei Chen, Shaanxi Province (Xi'an City) Mental Health Center, China**

Title: Research on the current status of pension models for individuals with mental disorders in China

**Xincan Zhou, Zhengzhou University, China**

Title: Research progress of screening tools for sarcopenic obesity in community-based elderly people

**WeiXue, Zhengzhou University, China**

Title: Enhancing nursing students' learning abilities through improved evaluation: A latent profile and network analysis approach

**Jianwen Yang, Second Affiliated Hospital of Zhejiang University School of Medicine, China**

Title: Application of immersive orthopedic surgery cooperation workshops in operating rooms

**Yuanyuan Chen, Second Affiliated Hospital of Zhejiang University School of Medicine, China**

Title: Whether diabetes technology alters impaired hypoglycemic awareness?

**Sun Minmin, The Affiliated Zhangjiagang Hospital of Soochow University, China**

Title: Barriers and enablers in evidence-based nutritional management for heart failure patients: A qualitative study

**Han Li, Zhengzhou University, China**

Title: Research progress of nonpharmacological management of resistiveness to care in patients with dementia

**Wei Xue, Zhengzhou University, China**

Title: Enhancing nursing students' learning abilities through improved evaluation: A latent profile and network analysis approach

**Hanbing Zhao, Zhengzhou University, China**

Title: The correlation between recurrence risk perception and self-management behaviors in first-ever stroke patients

**Fei Du, Zhengzhou University, China**

Title: Research advances in identification tools for non suicidal self injury behavior in adolescents

**Zhiyue Li, Zhengzhou University, China**

Title: Basic psychological needs for exercise and adherence in community-dwelling elderly with coronary heart disease: The mediating role of motivation

**Lijun Sun, Xiamen Cardiovascular Hospital of Xiamen University, China**

Title: Development and implementation of evidence-based quality improvement project for enteral nutrition in prone mechanically ventilated patients

**Wang Mengjia, Zhengzhou University, China**

Title: Exploring the relationships among moral courage, social responsibility, and mature happiness in nursing students: A cross-sectional study

**Jiale Han, Zhengzhou University, China**

Title: Family resilience and its influencing factors in primary caregivers of children with cancer

**Cao Mengdi, Zhengzhou University, China**

Title: A scoping review of the current status of adherence to lymphedema prevention behaviors and factors influencing them in postoperative breast cancer patients

**Yangfan Zhu, Chongqing General Hospital, China**

Title: Effectiveness of a multi-component intervention program for self-management behaviors in adolescents and young adults with inflammatory bowel disease based on the self-determination theory: A randomized controlled trial across two centers

**Dequan Sun, Zhengzhou University, China**

Title: Advances in enhanced recovery after surgery for perioperative management of esophageal cancer: A narrative review

**Renke Gao, Zhengzhou University School of Nursing and Health, China**

Title: The relationship between nurses' contingent self-esteem and error orientation: The mediating effect of achievement motivation

**Han Su, Zhengzhou University School of Nursing and Health, China**

Title: Multidimensional preferences in COPD health management: A scoping review of discrete choice experiments

**Peiyao Yuan, School of Nursing and Health, Zhengzhou University, China**

Title: Ascertaining the residency experience of older adults in nursing home through a journey mapping: A qualitative study

**Mengyuan Zhao, School of Nursing and Health, Zhengzhou University, China**

Title: A qualitative study on family health needs of community-dwelling functionally disabled elderly based on ERG theory

## Tentative Program

### Oral Presentations

**Namrata Makkar, All India Institute of Medical Sciences, India**

Title: A study of surveillance of hospital acquired infections in geriatric population admitted in ICU

**Li Jiahao, Beijing Sports University, China**

Title: Research on the construction of sports injury rehabilitation system under the concept of “integration of rehabilitation and physical fitness”

**Xin Wen, Zhengzhou University, China**

Title: Analysis of the current status and influencing factors of active health behaviors among community-dwelling elderly hypertensive patients

**Charisse Kiwang, Saint Louis University, Philippines**

Title: Adolescent health risk behaviors and the mediating effects of family dynamics and socio-demographic factors

**Mark Jeembs M. Pineda, University of the Philippines Manila, Philippines**

Title: Development of a coaching program on leadership on selected personnel in a healthcare environment

**Ali Sarfraz Siddiqui, Aga Khan University, Pakistan**

Title: Impact of a hybrid educational course for nursing staff on pain assessment and initial treatment in a tertiary care hospital

**Yajadira Lozano Cardenas, Profamilia, Colombia**

Title: Emerging roles in nursing for primary health care in Colombia

**Ayamdoo Anthonette, Ghana Health Service, Ghana**

Title: The positive impact of male involvement and support during pregnancy

**Rosemond Chidimma Iwu, Lagos State University College of Medicine, Nigeria**

Title: Knowledge of obstetric danger signs among women attending antenatal clinic in selected primary health centers in Alimosho local government area, Lagos state, Nigeria

**Rosemond Chidimma Iwu, Lagos State University College of Medicine, Nigeria**

Title: Prevalence of maternal prenatal agbo consumption as a correlate to neonatal anthropometric outcomes among postnatal women in Alimosho general hospital, Igando, Lagos, Nigeria

*Oral Presentation Slots are Available!!*

**Dylan Salrin, Children's Hospital Colorado, United States**

Title: Bridging the gap: Addressing equipment limitations in pediatric surgery

**Emily Jazdzewski**

**MacKenzie Moore**

**Mayo Clinic, United States**

Title: Engaging new staff in their first year of practice

### Poster Presentations

**Ericka Castilletti**

**Melissa Coon**

**Good Samaritan University Hospital, United States**

Title: Improving nursing competence and patient care through mock codes

**Ericka Castilletti**

**Melissa Coon**

**Good Samaritan University Hospital, United States**

Title: Insulin education for everyone

**Laura Flinn, Bradley University, United States**

Title: Human trafficking in our schools

**Laura Flinn, Bradley University, United States**

Title: Human trafficking in our schools

**Alaina Hall, University of Pennsylvania School of Nursing, United States**

Title: Elementary school health carnival

**Nikia Henderson, University of Connecticut, United States**

Title: Intervention to improve timeliness in the reporting of laboratory results

**Zorina Hernandez, Arrowhead Regional Medical Center, United States**

Title: Reducing missed breaks in the ICU: The role of a structured break log

**Johanna Bernheim, Arrowhead Regional Medical Center, United States**

Title: Enhancing patient safety: CAUTI prevention through targeted ICU interventions

**Marissa Lozano, Arrowhead Regional Medical Center, United States**

Title: Enhancing clinical competency through structured performance evaluation: A data-driven approach to preceptor-orientees development in the ICU

**DeAnna Ybarra, Kaiser Permanente, United States**

Title: Enhancing newborn discharge education: A quality improvement initiative using technology to improve caregiver perception and utilization of online resources

**Jessica Battenburg, Kaiser Permanente Fresno Medical Center, United States**

Title: Utilizing gamification to enhance staff satisfaction and engagement in learning

**Bethanne Schott, WellSpan Health System, United States**

Title: Nursing practice beyond medication: Listening to music and anxiety management in the hospital setting

**Elyssa Anderson, Houston Methodist Hospital, United States**

Title: Are you down with downtime processes? A quality improvement project for downtime process in nursing utilizing an escape room

**Kelly Spriggs, Gulf Coast State College, United States**

Title: Lessons from the holocaust: Ethics in nursing education

**Kelly Spriggs, Gulf Coast State College, United States**

Title: Advocacy education and associate degree nursing students

**Rosa Jessica Delgado, Houston Methodist Hospital, United States**

Title: Standardizing the care for bariatric patients using the clinical pathway

**Carrie Butler, Bon Secours Memorial College of Nursing, United States**

Title: Enhancing health assessment skills through standardized patients in a bachelor's degree nursing program

**Melanie A Horning, Towson University, United States**

Title: Nurse leaders influencers of evidence to practice

**Merlin Jomy, MEDVAMC/VHA, United States**

Title: The fall prevention resources reduce falls in the outpatient surgery clinic

**Martha Jane Dover, The University of Alabama in Huntsville College of Nursing, United States**

Title: Preparing ICU nurses with critical knowledge of oral care

**Marie Beechy, Marian University, United States**

Title: Preparing ICU nurses with critical knowledge of oral care

**John J Whicker, East Tennessee State University, United States**

Title: Burnout experiences of community public health nurses

**Giulia Arostegui, University of California, United States**

Title : Mild cognitive impairment screening for older adults receiving home-based primary care: A clinical practice guideline

**Kierra Bays**

**Kristin Hoffer**

**ECU Health Medical Center, United States**

Title: Room ready rumble wrestling with turnover times

**Alicia M Smith, University of Nebraska Medical Center; DNP Womens Health, United States**

Title: Identifying physical and emotional needs during the time of fertility stress

**Althea Kerr, Robert E. Smith School of Nursing, United States**

Title: Bridging the gap: Role transition of the novice nurse practitioner

**Donna Fletcher, UT Southwestern Medical Center, United States**

Title: Therapeutic activity cart: Mindful moments for hospitalized older adults

**Ernest Laurence Cabanas, Sinai Hospital of Baltimore, United States**

Title: Let's stop fall: A swot analysis of B6 inpatient medical surgical unit fall prevention strategies

**Jocelyn Revilla**

**Erwin Bedia**

**Michael E. DeBakey VA Medical Center, United States**

Title: Fostering confidence and competence in LVAD care: A comprehensive educational initiatives

**JoNese Randall, University of San Diego, United States**

Title: Electronic medical record clinical decision support across the OB continuum of care: Enhancing doula education and usage

**Rebekah Ahlborn, The Geneva Foundation, United States**

Title: Step forward: Promoting improved mobility in the acute care setting with evidence-based approaches

**Mahalya Johnson, NYU Rory Meyers College of Nursing, United States**

Title: Undergraduate nursing self-care and end-of-life simulation: An integrative review

**Angie Webb, Troy University, United States**

Title: Blood culture contamination in the ED: A practice improvement project

**Geraldine Guerra Sandoval, UNM College of Nursing, United States**

Title: Enhancing nursing concept knowledge and self-confidence through mini simulations

**Carolyn Goodin, Cumberland University, United States**

Title: Vascular access selection in a rural clinical setting

**Renato Revilla, Houston Methodist Hospital, United States**

Title: Reducing the risk: Evaluating the efficacy of new checklist-based guidelines in hemodialysis

**Sharon Ramjohn, South University, United States**

Title: Nursing students community outreach

**Nico Marcus Haller, Institute of Nursing Science and Interprofessional Learning; University Medicine Greifswald, Germany**

Title: Prevalences of care phenomena in hospital and inpatient long-term care - A cross-sectional study

**Sola Cho, Chonnam National University, Korea, Republic of**

Title: Pilot development of an inhaler technique assessment tool using a multimodal large language model

**Xinyi Liu, Shanghai Jiaotong University School of Medicine, China**

Title: Anxiety, depression, and health-related quality of life in patients with congenital microtia after ear reconstruction surgery: A cross-sectional study

**Leticia Kyei Mensah, All nations University, Ghana**

Title: Prevalence and determinants of neonatal jaundice among neonates receiving care at the Zongo health centre in Berekum, Ghana

**Milka Wanjiku Nyambura, Independent Caregivers, Kenya**

Title: Improving quality of life in elderly patients: Innovations in geriatric nursing practices

**Poster Presentation Slots are Available!!**
